#### 1. USA Tour

This was a trip that we will never forget. Footworks took 33 performers to USA to perform in January. The students did 2 performances Disneyland and Disney's California Adventure Park. Which was very well received by American audience. The students also did performance workshops in Disneyland going behind the scenes, and experience to remember. Then the coach load of dances, family and friends travelled into LA and went to a leading dance studio in LA - The Edge another experience for all students ranging in ages from 5yrs - 20yrs. Thank you to all who helped make this adventure happen. The students have come back more together and buzzing ready for the year ahead. Senior students now thinking where to go next?
